Twilight is a very feminine grille and white heifer. She is a Top hand granddaughter. Her sire Night Latch was 63" at the hip and pushing 80" of horn when I used him. Twilight's dam is a heifer producing machine. And Scott pace Confirms that her whole family produces a lot of heifers. Twilight is vet confirmed bred by palpation to PCC Pearl Jam. This young Goldmine son is at 80". He is 1/2 brother to the \$78,000 PCC 50 Dimples. This 2022
